Title: Certification of Demilitarization

Reference: DoD 4160.21-M-1, Chapter 2
DoD Bulletin 99-007
DRMS-I 4160.14, Volume VII

Description: A certification as quoted below will be signed and dated by a technically qualified government representative, as designated by the responsible commander or agency chief, who actually witnessed the demilitarization of the material whether performed by government or contractor personnel. In cases where the witnessing of demilitarization would unnecessarily subject the witness to hazardous conditions or when the demilitarized material can be laid out to clearly display the residue from each item demilitarized, demilitarization may be certified through inspection of the residue. The certificate will be executed for all items demilitarized and will read as follows:

Print Inventory Labels

Please set the number of labels to print for each DTID:

Number of Labels to Print for DTID SH500191740001:

Number of Labels to Print for DTID FB483591480001:

1. ENTER NUMBER OF LABELS DESIRED
2. SELECT POSITION TO START
3. GET LABELS

Please select the initial position for the first label:

Select the position of the first label by clicking on the chart on the left. The labels are positioned as you select. For a new sheet click on position "1".

Selecting the "Get Labels" will provide a PDF file with the labels starting at the "1" position.

Note: Label printing works with label sheet template 5163, which contains 10 labels on an 8 1/2" x 11" sheet.

Important Note: Some labels are not suited for being run through the printer more than one time running labels through a second time in order to avoid costly printer repairs.
